

requesting data will be given in the Federal Register if an application is approved.

Comments received within the specified time period will be considered before a final decision is made; comments received after the time specified will be considered only to the extent possible without delaying processing of the application.

A record has been established for this notice under docket number [OPP-30397] (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Rm. 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:

opp-docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this notice, as well as the public version, as described

above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

Written comments filed pursuant to this notice, will be available in the Public Response and Program Resources Branch, Field Operations Division at the address provided from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. It is suggested that persons interested in reviewing the application file, telephone this office at (703-305-5805), to ensure that the file is available on the date of intended visit.

Authority: 7 U.S.C. 136.

List of Subjects

Environmental protection, Pesticides and pests, Product registration.

Dated: October 19, 1995.

Flora Chow,

Acting Director, Biopesticides and Pollution Prevention Division, Office of Pesticide Programs.

BILLING CODE 6560-50-F

[OPP-30378A/30385A; FRL-4979-6]

Certain Companies; Approval of Pesticide Product Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces Agency approval of applications to register the pesticide products Checkmate PTB Technical Pheromone, Checkmate PTB Dispenser, Neem Oil TGA, and NeemGuard, containing active ingredients not included in any previously registered products pursuant to the provisions of section 3(c)(5) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

FOR FURTHER INFORMATION CONTACT: By mail: Biopesticides and Pollution Prevention Division (7501W), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460.

In person: Contact each person named in the registration at the following office location/telephone number:

Contact Person	Office location/telephone number	Address
Rita Kumar,	5th Fl, CS #1 (703-308-8712); e-mail: kumar.rita@epamail.epa.gov.	Environmental Protection Agency Westfield Building North Tower 2800 Crystal Drive Arlington, VA 22202
Paul Zubkoff,	5th Fl, CS #1 (703-308-8694); e-mail: zubkoff.paul@epamail.epa.gov.	-Do-

SUPPLEMENTARY INFORMATION: EPA issued a notice, published in the Federal Register of January 13, 1995 (60 FR 3209), which announced that Consep, Inc., 213 Southwest Columbia St., Bend, OR 97702, had submitted applications to register the pesticide products Checkmate PTB Technical Pheromone and Checkmate PTB Dispenser (EPA File Symbols 56336-RL and 56336-RA) containing the active ingredients (*E*-5-decenyl acetate 77 and 7.92 percent and (*E*-5-decenol 16.00 and 1.65 percent respectively. (Rita Kumar)

EPA also issued a notice published in the Federal Register of April 12, 1995 (60 FR 18599), which announced that W.R. Grace and Co.-Conn., 7379 Route

32, Columbia, MD 21044, had submitted applications to register pesticide products Neem Oil TGA and NeemGuard (EPA File Symbols 11688-I and 11688-O), containing the active ingredient clarified hydrophobic extract of neem oil at 100 and 90 percent respectively, active ingredients not included in any previously registered products. (Paul Zubkoff)

EPA approved two products for Consep, Inc. on February 14, 1995, and two products for W.R. Grace Co.-Conn. on July 20, 1995, as listed below:

1. Checkmate PTB Technical Pheromone (EPA Registration Number 56336-15) for use in manufacturing or formulating use only.

2. Checkmate PTB Dispenser (EPA Registration Number 56336-16) for control of peach twig borer.

3. Neem Oil TGA (EPA Registration Number 11688-8) for manufacturing use only.

4. NeemGuard (EPA Registration Number 11688-9) for use on nonfood/nonfeed crops (ornamentals, trees, and shrubs) in and around commercial nurseries, and residential structures.

The Agency has considered all required data on risks associated with the proposed use of (*E*-5-decenyl acetate, (*E*-5-decenol, and clarified hydrophobic extract of neem oil, and information on social, economic, and environmental benefits to be derived from use. Specifically, the Agency has

considered the nature of the chemical and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health safety determinations which show that use of (*E*)-5-decenyl acetate, (*E*)-5-decenol, and clarified hydrophobic extract of neem oil when used in accordance with widespread and commonly recognized practice, will not generally cause unreasonable adverse effects to the environment.

More detailed information on these registrations is contained in a Pesticide Fact Sheet on (*E*)-5-decenyl acetate, (*E*)-5-decenol, and clarified hydrophobic extract of neem oil.

A copy of this fact sheet, which provides a summary description of the chemical, use patterns and formulations, science findings, and the Agency's regulatory position and rationale, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved label and the list of data references used to support registration are available for public inspection in the office of the Product Manager. The data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are available for public inspection in the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Rm. 1132, CM #2, Arlington, VA 22202 (703-305-5805). Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A-101), 401 M St., SW., Washington, D.C. 20460. Such requests should: (1) Identify the product name and registration number and (2) specify the data or information desired.

Authority: 7 U.S.C. 136.

E.I. DuPont de Nemours and Company; Approval of Pesticide Product Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces Agency approval of applications to conditionally register the pesticide products Fortress Technical, Fortress 5G Granular Insecticide, and Fortress 2.5G Granular Insecticide; containing a new active ingredient not included in any previously registered product pursuant to the provisions of section 3(c)(7)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

FOR FURTHER INFORMATION CONTACT: By mail: Dennis H. Edwards, Product Manager (PM 19) Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 207, CM #2, 1921 Jefferson Davis Highway, Arlington, VA 22202, (703)-305-6386; e-mail: edwards.dennis@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: EPA issued a notice, published in the Federal Register of February 18, 1993 (58 FR 8945), which announced that E.I. du Pont de Nemours and Company had submitted applications to register the pesticide products Fortress Technical and Fortress 5G Granular Insecticide containing the active ingredient, chlorethoxyfos.

The company later submitted an application to register Fortress 2.5G Granular Insecticide (File Symbol 352-LTO). However, since the notice of receipt did not publish in the Federal Register as required by FIFRA, as amended, interested parties may submit written or electronic comments within 30 days after date of publication for this product only.

The applications were approved as conditional registrations on September 18, 1995, for a 3-year period, to control northern, western, and southern corn rootworms, wireworms, cutworms, seedcorn maggots, white grubs and symphylans (EPA Registration Numbers 352-553, 352-552, and 352-579 respectively).

A conditional registration may be granted under section 3(c)(7)(C) of FIFRA for a new active ingredient where certain data are lacking, on the condition that such data are received by the end of the conditional registration period and do not meet or exceed the risk criteria set forth in 40 CFR 154.7;

that use of the pesticide during the conditional registration period will not cause unreasonable adverse effects; and, that use of the pesticide is in the public interest.

The Agency has considered the available data on the risks associated with the proposed use of phosphorothioic acid, *O,O*-diethyl *O*-(1,2,2,2-tetrachloroethyl) ester and information on social, economic, and environmental benefits to be derived from such use. Specifically, the Agency has considered the nature of its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that use of phosphorothioic acid, *O,O*-diethyl *O*-(1,2,2,2-tetrachloroethyl) ester during the period of conditional registration will not cause any unreasonable adverse effect on the environment, and that use of the pesticide is in the public interest.

Consistent with section 3(c)(7)(C), the Agency has determined that this conditional registration is in the public interest. Use of the pesticide is of significance to the user community, and appropriate labeling, use directions, and other measures have been taken to ensure that use of the pesticide will not result in unreasonable adverse effects to man and/or the environment.

More detailed information on these conditional registrations is contained in a Pesticide Fact Sheet on chlorethoxyfos (Fortress).

A copy of the Fact Sheet, which provides a summary description of the chemical, use patterns and formulations, science findings, and rationale, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved labels and the list of data references used to support registration are available for public inspection in the office of the Product Manager (PM). The data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are available for public inspection in the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Rm. 1132, CM #2, Arlington, VA 22202, (703)-305-5805. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A101), 401 M St.,
